

## Senior Frontend Developer (m/f)

Vienna, Full time

Bikemap creates the best cycling map in the world. To date, 1.8M users in 100 countries have uploaded more than 400M cycling route kilometers to the Bikemap platform. Still a small, but fast growing team of 15 people, we set out to build the leading digital cycling platform for users of all ages and skill levels. This means creating exciting new mobile, app and wearable cycling use cases for passionate cyclists worldwide. At Bikemap, you will be part of the personal mobility revolution. Together, we help make cities greener and people more healthy - one cycling trip at a time.

### As a Senior Frontend Developer, you will:

- Work closely with the core development team, speed up our front-end coding and build new features and functions in 2 week sprints, SCRUM style
- Responsibility for development and maintenance of the Bikemap frontend code base - our gateway to millions of active Bikemap users worldwide
- Work together with designers who deliver you pixel perfect Sketch files, bringing to life exciting new use cases for cyclists

### As a Senior Frontend Developer, you bring:

- Minimum 3 years experience in developing Web Applications using modern Frameworks like Angular, React, or Vue. Experience with the Django-Template-Language, Typescript or Flexbox is a plus.
- Thorough understanding of software design patterns and how to structure larger web applications.
- Experience in applying CSS & SASS, as well as responsive design.
- An eye for perfection, a positive can-do attitude and the ability to work independently.

### Why you should be a Senior Frontend Developer at Bikemap:

- We take a no-bullshit approach to working for our users. This means letting the best idea win on a daily basis. We cherish creativity and brainpower, not hierarchy.
- Bikemap offers the unique chance to build a truly global cycling platform. If you love cycling as much as we do, Bikemap provides you with the environment to advance by leaps and bounds - both personally and professionally.
- We offer a startup salary starting from €40k / year depending on your experience. If you're in for the money, there are better options out there!

If you want to take this opportunity, please contact Astrid via [join@bikemap.net](mailto:join@bikemap.net) and tell us more about your "why". Please make sure to also include your CV and information on prior projects.

We at Bikemap are looking forward to get in touch with you!
