iOS Developer (m/f)
Vienna, Full time

Bikemap is the leading digital platform for cycling maps and routes worldwide. Within just a few cycling seasons, more than 1.8M users have registered on Bikemap.net and together created over 3.8M unique cycling routes. We're growing fast and are active in more than 100 countries, spanning a global route network of more than 400M kilometres. Our goal is to provide the best cycling apps in the world, crafting exciting new use cases for multiple platforms, fueling the personal mobility revolution.

As a part of the iOS team, you will:

- Be part of a motivated software development team and write code for more than 1,500,000 users worldwide
- Take responsibility and maintain, improve and ship the Bikemap iOS and WatchOS apps
- Collaborate with our head of product, designers and other engineers to design, implement and ship exciting new features
- Work on new projects / ideas to challenge yourself and others

In the iOS team, we work with:

- Swift 4
- iOS 11+
- Core Data
- Storyboards
- WatchOS
- GameplayKit
- Mapbox
- Fastlane, Jenkins
- Gitflow

In general, we're looking for someone with:

- Excellent command of the Swift language, XCode and Interface Builder
- Commitment to standards & writing clean and maintainable code
- Experience with maps and navigation is a plus
- Very good German and / or English skills

Here's why you should join our team:

- Bikemap's code base is very modern: pure Swift code. There's no legacy Objective-C code to maintain for you.
- We're a young and dynamic team, shaping a product that is enthusiastically used by its community of passionate cyclists.
- At Bikemap everyone brings in new ideas and can influence the growth of our company. We're committed to try out new things and to keep on learning. Our team spirit drives our motivation for constant progress and regular after-works.
- We offer a competitive salary starting from €40k / year depending on your experience.
- Our office is located in the beautiful 1st district. Coffee of the highest quality and fresh fruits are for free.

Hooked? Well, then tell us more about you and your dev stories! Dazzle us with your CV, showcases, portfolio or whatever you'd like us to see. Please send everything to join@bikemap.net.

We're excited to hear from you!
