

Graphic Designer

(Web / Mobile / Social Media)

Vienna, Part time / Full time

Bikemap is the leading digital platform for cycling maps and routes worldwide. Within just a few cycling seasons, more than 1.5M users have registered on Bikemap.net and together created over 3.8M unique cycling routes. We're growing fast and are active in more than 100 countries, spanning a global route network of more than 400M kilometres. Our goal is to provide the best cycling apps in the world, crafting exciting new use cases for multiple platforms, fueling the personal mobility revolution.

You think that cycling is not only a mode of transport, but a way of life? You want to play part in the biggest personal mobility revolution cities worldwide have seen yet? Then join our highly motivated team of cycling enthusiasts and let us shape the future of cycling together.

Here's what you will do:

- As part of our young, smart and motivated software development team you will design properties that are used by more than 1,500,000 users worldwide.
- Rapidly create UI concepts (low-fidelity sketches or high-fidelity prototypes) in respect to the existing Bikemap design environment
- Deliver pixel-perfect designs for multiple devices that effectively provide the best possible user experience
- Create assets for various channels and platforms (Web, Apps, Social Media, Newsletter)
- Follow and establish the Bikemap branding/design language across all projects and update them according to future trends and needs
- Work closely with our product management & development teams to concept, design, prototype and iterate on solutions in an agile software development environment

We are looking for someone with:

- Experience in the field (at least one industry project where he/she was involved in UI design and Social Media, examples please)
- Proficiency with design tools such as Sketch, Photoshop as well as a corresponding toolset pipeline (e.g. prototyping, versioning via Abstract, handoff to the development team via Zeplin or similar tools)
- Competent knowledge in responsive design, Apple's Design Guidelines & Material Design
- Optional: Experience working with web based technologies such as HTML and CSS
- Very good German and / or English skills

Here's why you should join the Bikemap team:

- We're a young and dynamic team, shaping a product that is enthusiastically used by its community of passionate cyclists.
- At Bikemap everyone brings in new ideas and can influence the growth of our company. We're committed to try out new things and to keep on learning. Our team spirit drives our motivation for constant progress and regular after-works.
- If you're hungry for new challenges and want to be part of a creative working environment, we should get to know you.
- Very nice office location in the beautiful 1st district & coffee of the highest quality

Hooked? Well, then tell us more about you and your dev stories! Dazzle us with your CV, showcases, portfolio or whatever you'd like us to see. Please send everything to join@bikemap.net.

We're excited to hear from you!
