

Head of iOS (m/f)

Vienna, Full-time

Bikemap is the leading digital platform for cycling maps and routes worldwide. Within just a few cycling seasons, more than 1.5M users have registered on Bikemap.net and together created over 3.8M unique cycling routes. We're growing fast and are active in more than 100 countries, spanning a global route network of more than 400M kilometres. Our goal is to provide the best cycling apps in the world, crafting exciting new use cases for multiple platforms, fueling the personal mobility revolution.

You think that cycling is not only a mode of transport, but a way of life? You want to play part in the biggest personal mobility revolution cities worldwide have seen yet? Then join our highly motivated team of cycling enthusiasts and let us shape the future of cycling together.

As Head of the iOS team, you will:

- Be part of our young and motivated software development team and write code for 1,500,000 users worldwide
- Architect systems and applications, integrating new features
- Take responsibility and maintain & improve & ship the Bikemap iOS and WatchOS apps
- Collaborate with our head of product, designers and other engineers to design, implement and ship exciting new features and clarify and document technical requirements for the team

You bring the following skills to the table:

- Excellent command of the Swift language, XCode and Interface Builder (at least one big real-world project)
- Commitment to standards & writing clean and maintainable code
- Good understanding of asynchronous, multi-threaded code
- Experience with server API integration, CI/CD, fastlane, automation, Jenkins pipelines is an advantage, experience with maps and navigation is a big plus
- Very good German and / or English skills

The Bikemap Tech Stack:

- Swift 4
- iOS 11+
- Core Data
- WatchOS
- GameplayKit
- MapBox
- Gitflow
- Storyboards
- Fastlane, Jenkins

Be part of the Bikemap story:

- Everything is Swift 4 and properly documented - no old or legacy code!
- At Bikemap, you get the chance to realize your own ideas and are constantly challenged to do your best work. Maybe it's your idea that brings us the next million users? Regular after-works and strategy retreats make sure that we stay fresh on the way.
- While you enjoy our nice office location in the beautiful 1st district, you're fully equipped with a MacBook Pro and two monitors - and the best italian espresso is on the house.
- On top of a highly competitive salary starting at EUR 41.776 based on 38.5 hours per week, we will offer you shares in our company

Hooked? Well, then tell us more about you and your dev stories! Send your CV, a cover letter and links to your apps or GitHub / BitBucket projects to matthias@bikemap.net.

We're excited to hear from you!
